

Washington Department of Natural Resources
Aquatic Resources Program

Derelict Vessel Removal Program Development
Stakeholders Meeting

Date: October 22, 2002
Place: Natural Resources Building, Room 461, Olympia
Time: 1:00 to 3:00 PM

Objective: The objective of this meeting is to have all identified stakeholders come together to discuss the development of the DNR's derelict vessel removal program. The issues for discussion include but are not limited to the following topics:

- Prioritization criteria
- Custody procedures
- Costs eligible for reimbursement
- Reimbursement procedures
- Determining primary authorized public entity
- Requesting a change of primary authorized public entity
- Jurisdiction
- Guideline content
- Agency roles and responsibilities
- Integration with existing programs
- Other issues as identified by the group

Please feel free to suggest other issues not listed here that you feel warrant discussion.
